If it is your responsibility to keep and maintain the Company Register for your company and to deal with documents being filed at Companies House, then you'll recognise how much of an ongoing burden this can be. We can provide an on-line fixed cost service for you which will help you to manage with ease the proper maintaining of your records and the meeting of filing deadlines.

How we can help

Our system, B-Sec, allows us to carry out all of the filings necessary at Companies House and to maintain an electronic set of statutory books which you can access remotely.

Your current company details, as filed at Companies House, are imported into our system and the Company Registers are maintained electronically going forward.

Annual Return dates are diarised with the Return being emailed directly to you for approval.

Fixed cost

Most of our B-Sec services are provided at fixed cost and all are provided at a confirmed cost for you to agree.

Full legal advice

Our added value is that we have a team of lawyers to answer any company secretarial related queries you might have.

If you would like to gain greater control of your company secretarial paperwork with the peace of mind that you are receiving full legal support, then please do contact us.
