STRONG LEGAL ADVICE • GREAT PEOPLE

Have you had an accident? Then why not see if you can claim compensation. Our dedicated team can fight for you to claim the compensation you deserve on a 'No win - No fee' basis.

Accident claims

If you have had an accident through no fault of your own, you may be entitled to compensation - not only for the injuries you have suffered but also for the costs you incurred whilst recovering from your injuries.

In most cases, obtaining compensation for personal injuries can be a straightforward process. Our team of specialist lawyers has many years experience, dealing with all types of accident claims. They will help you through every step of the process at no cost.

We have lawyers who are members of the Association of Personal Injury Lawyers and are dedicated to acting in the best interests of accident victims.

We are happy to visit clients at their home, place of work or in hospital. If you have been injured it is usually best to instruct a lawyer sooner rather than later, so we can take witness statements and obtain evidence while the circumstances of an accident are fresh in everyone's minds.

Types of claims

- Road traffic accidents – including whiplash
- Slips and trips
- Accidents at work
- Industrial disease – e.g. deafness
- Accidents whilst abroad
- Medical negligence
- Fatal accidents
- Criminal injuries compensation

Claiming compensation

If you have been injured and think that you may be entitled to claim, we offer a totally free initial interview which will enable us to evaluate your position.

Compensation payments can take into account:

- The pain and suffering an individual experiences as a result of the accident
- Damage to personal property and clothing
- Loss of amenity if injuries are long term
- Medical, physiotherapy and nursing fees
- Loss of earnings, pensions, bonuses and overtime. If future earnings and promotion prospects are affected as a result of the accident these can also be taken into account
- Replacement car hire
- Purchase of specialist equipment and clothing
- Increase in household costs if you are required to stay at home whilst recovering.
- Travel expenses incurred by you and your family
- The costs incurred by paying others to do work you might have ordinarily carried out yourself - such as housework, decorating or gardening
- Care provided by family and friends.

No Win - No Fee

If your case is one which can be pursued on a "No Win - No Fee" basis we guarantee that you will receive 100% of the compensation which we recover with no deductions whatsoever. We will protect you from having to pay any legal costs if you are unsuccessful in your claim. If we successfully win your case our costs and any expert fees are payable by your opponent. It is as simple as that!

How we can help

Our promise to you:-

- We will meet with you and carry out an assessment of your claim absolutely free of charge
- If you win, then you will get 100% of all your compensation
