

Brethertons LLP First to Launch On-Line Property Mediation Zone!

Brethertons LLP pioneer in the world of Online Dispute Resolution (ODR); launching the first ODR service www.propertymediationzone.co.uk for the property management industry.

With this ground breaking new technology Brethertons LLP are able to offer their mediation clients with access to a virtual mediation setting, with virtual mediation rooms.

The site (propertymediationzone.co.uk) provides a secure and confidential area for mediation discussions and debate to progress, whether it is for claim resolution or litigation settlements to be reached.

Justine Williams from www.yourblockonline.com said “*propertymediationzone.co.uk sounds cutting edge and will be particularly useful for many lessees and landlords who now have a forum to manage disputes between landlords and tenants in a more efficient and cost effective manner.*”

Shaun Jardine, Brethertons LLP partner and mediator is the driving force behind this revolutionary new site. He has substantial mediation experience and in 2007 was elected as the Chairman of the Oxfordshire Mediation Group, an independent group of 18 commercial mediators in and around Oxfordshire, Buckinghamshire and Northamptonshire.

He said:

"I am thrilled that the mediation services at Brethertons have been recognised to provide this service to clients up and down the country. As one of the main mediation providers in the South, we are confident that resolving disputes on-line seems to be the way to go forward for disputing parties, particularly as many people either find it difficult to meet face to face with work or business commitments, or simply don't wish to meet face to face."
